## Fächerwahl / Subject Selection for Year 11 & 12

When making choices you should consider:

- What would you like to study at university
- University prerequisites (see NOTE 1 below)
- Your areas of interest and what you are good at
- Your teachers' advice.

For the IB Diploma, a student must choose six subjects, one each from Group 1 to 6. Students who do not wish to take a subject from Group 6 (The Arts) can choose an additional subject from groups 1-5.

At least three subjects must be chosen at Higher Level.

Please note: the subjects on offer are preliminary. While we will try to meet the interests of every student, we cannot guarantee a class. Subjects denoted with a star ( \* ) will only be offered if enough students choose the course. Students who choose such a course must indicate a second preference in case their first choice is not offered.

**NOTE 1:** In group two, German citizens who want to study in Germany must choose a language A2. They must also select either mathematics or an experimental science at higher level. Maths Studies is not an option for these students.
